

**Guidelines for Worship Participants When
GracePoint Church Re-opens for Outdoor
Public Worship at 9:00am**

In the spirit of showing care for each other, yet wanting to have a comfortable and meaningful worship experience, please consider these guidelines as we gather:

Bring your own chairs, blankets and shade. Dress informally. Consider bringing a hat and sunglasses. Chairs and some shade will be provided for those who are unable to bring them.

Maintain 6 feet of physical distance between your family and other families.

Families with children will worship together. Bring activities for your kids. There will be no children's programming.

Greet friends with a smile or wave. Refrain from shaking hands or embracing each other.

Masks are encouraged, but are not required. Bring your own if you have one.

Use the restroom immediately before leaving home. Restrooms are open if absolutely needed.

Bring your own beverages and snacks. Water bottles will be available.

Please stay home if you have been in contact recently with a COVID-positive individual or you do not feel well. Access the service online.
